

Dear Parents,

This was a month filled with fun & surprises and lot's of learning at "St.Mira's High School". Here is the gist of what children learnt.....

THEME

Water cycle/ Sources of water:

Students are able to identify key components of the water cycle.

Are able to talk about the sources of water.

They learnt why water conservation is important in relation to the water cycle.

Children demonstrate an understanding that water conservation is an act of care for the Earth.

LITERACY / NUMERACY

Children revised the 'a, e, i, o, u' family words.

Children are trying to identify what is going on in each picture and trying to express in their own words.

They are using pictures as clues to understand the meaning of a story and guess the unfamiliar words.

Children can write numbers from 101 to 200 in sequence.

Children revised Number Names: **One - Fifty.**

Children are able to tell time using digital & analog clock.

BIRTHDAY

Sanjith Vinaavin - 24/02/2012

Lokeshrenath J - 28/02/2012
